

## King County

**CONSTRUCTION MANAGEMENT III (MECHANICAL)  
DEPARTMENT OF TRANSPORTATION / TRANSIT DIVISION  
DESIGN & CONSTRUCTION SECTION**

**Hourly Rate Range: \$23.94 - \$32.41 (2004 Rates)**

**Job Announcement: 06AB6025TLT\***

**OPEN: 5/31/06      CLOSE: 6/14/06**

**\*Applicants who applied to the previous posting do not need to reapply.**

**WHO MAY APPLY:** This three-year fully benefited Term-Limited position is open to the general public.

**WHERE TO APPLY:** Required forms and materials must be sent to: **201 South Jackson St., KSC-TR-0419 Seattle, WA 98104**, or hand delivered to **The Career and Employment Center** 201 South Jackson St Seattle, WA 98104. Application materials must be received by 4:00 p.m. on the closing date. (Postmarks are NOT ACCEPTED.) **PLEASE NOTE:** Applications not received at the locations specified above will not be processed. Contact Adrienne Bunney at (206) 684-1087 or [adrienne.bunney@metrokc.gov](mailto:adrienne.bunney@metrokc.gov) for further inquiries.

**FORMS AND MATERIALS REQUIRED:** A [King County application form and data sheet](#), resume, letter of interest that clearly describes how you meet or exceed each of the minimum qualifications, and response to supplemental computer survey are required.

**WORK LOCATION:** South Construction Field Office, 11911 E. Marginal Way South, Tukwila. (Bus service is not available to this location.)

**WORK SCHEDULE:** This position is non-exempt from the provisions of the Fair Labor Standards Act and is overtime eligible. The workweek is normally Monday through Friday, 7:30 a.m. to 4:00 p.m.; but weekend, evening and night work may be required.

**PRIMARY JOB DUTIES INCLUDE:**

- Develop and implement mechanical construction inspection programs on Transit Division construction projects and ensure compliance with the contract documents and code requirements. Such inspection programs will involve the performance of specific office and field tasks related to the construction of public works projects.
- Review mechanical submittals and shop drawings for conformance with contract plans and specifications. Review contract plans and specifications to become familiar with areas of projects that may require close attention. Perform constructability reviews on plans and specifications.
- Serve as transit's on-site representative to ensure construction requirements contained in plans and specifications are being incorporated during the construction of projects. Prepare daily reports of activities occurring on construction projects. Provide input and solutions for resolving mechanical problems that arise during the construction of projects. Coordinate with transit user staff to ensure the needs of facilities undergoing modification are considered during project implementation.
- Assist in change order preparation to include cost estimating, interpret construction schedules for progress impacts and slippage.
- Perform other related duties as required.

**QUALIFICATIONS:** Bachelor of Science in Mechanical Engineering (BSME) or six years of progressively responsible mechanical inspection or six years of journey mechanical experience. Additional qualifications include:

- Working knowledge of mechanical systems.
- Ability to read engineering drawings and specifications.
- Knowledge of mechanical engineering design fundamentals.
- Ability to work with Design Engineering staff in drawing and design preparation and problem resolution.
- Excellent oral and written communication skills, interpersonal skills and the ability to make independent decisions.
- Valid Washington State driver's license.

**DESIRABLE QUALIFICATIONS:**

- Working knowledge and the practical application of the International Mechanical Code.
- Proficiency with Microsoft Word and Excel.

**UNION MEMBERSHIP:** This position is represented by the Technical Employees Association. Regular union dues will be required.

**CLASS CODE:** 462002
